

Rohan Sudhir Sawase

Beed, Maharashtra / sawaserohan125@gmail.com / 9604878587

Summary

- To be an expert in practical field through commitment, perseverance and continuous improvement by using my skills and talent to grow in an organization and to work hard in using every opportunity provided.
-

Project

- **College Website :** The College Website Development project aims to create a modern and user-friendly website for our college to enhance communication, information dissemination, and engagement with students, faculty, staff, and the broader community. The website will serve as a centralized platform for accessing academic resources, event updates, news, and administrative information.
 - **Great Learning Application:** Grate learning application is a comprehensive learning application designed to provide users with an interactive and engaging platform to enhance their knowledge and skills. This project aims to develop a user-friendly application that caters to diverse learning styles and preferences, offering a wide range of educational content and features.
